

Qui est-ce du potager

Principe : Devinez le fruit ou le légume pioché par le joueur adverse

Déroulé :

2 joueurs jouent l'un contre l'autre

Chacun à un plateau avec 24 vignettes représentant des fruits, des légumes et des aromates.

Chaque joueur pioche une vignette dans la pioche, cette vignette sera celle qui devra être devinée par l'autre joueur.

A tour de rôle, les joueurs se posent une question pour deviner de quel, légume ou aromate il s'agit. L'autre joueur ne peut répondre que par oui ou par non.

Si la réponse est oui ou non, le joueur qui a posé la question retourne la ou les vignettes ne correspondant pas au fruit ou légume à deviner.

La partie s'achève quand l'un des joueurs a trouvé la vignette piochée par l'autre.

Dans ce "Qui est-ce" vous trouverez des fruits, des légumes et des aromates. Vous pourrez les différencier par leur couleur, par leur texture, par leur gout (sucré, amer, acide etc.). Pour les fruits vous pouvez différencier entre fruits exotiques, fruits rouges, agrumes, fruits en grappe... Pour les légumes vous pourrez les différencier entre les légumes feuilles, tiges, graines, racines ou encore légumes fleurs.

Exemple 1 :

Joueur 1 : Est-ce un fruit ?

Joueur 2 : Non

Joueur 1 doit retourner toutes les cartes fruit de son plateau

Exemple 2 :

Joueur 2 : Est-ce que le légume est vert

Joueur 1: Oui

Joueur 2 doit retourner toutes les vignettes qui ne sont pas des légumes verts
